

Wintons Teak®

UPGRADE TO Wintons Teak®

Wintons Teak offers an exciting new concept to outdoor furniture. Our unique design philosophy gives you flexibility to select individual pieces rather than fixed settings. With Wintons Teak, you can choose and combine tables, chairs and benches right across our premium collection of wicker, stainless steel and A-Grade teak furniture.

Break the rules and enjoy creating your very own outdoor retreat!

Wintons Teak®

OUTDOOR FURNITURE

The beauty of Wintons Teak lies within our clean, contemporary styles that combine comfort and superb flexibility.

MIX AND MATCH

What sets our furniture apart?
All our individual pieces can
be configured the way you like.
Combine tables, chairs, coffee tables
and benches across our entire
collection to create your very own
outdoor retreat.

A-GRADE TEAK

A-Grade teak is rich in natural oil that repels water and makes it virtually immune to rotting. Apart from requiring no maintenance A-grade teak also possesses a dense grain structure, which makes it tough and hard-wearing. This premium timber remains smoother for longer, has a rich honey colour and is resistant to termites and other insects. Our all natural teak contains no preservative, colours or other chemicals.

SUPERIOR JOINERY

Our mortice and tenon joinery, and timber cuts are machine made to ensure absolute precision and consistency. This approach provides you with sturdy, durable and reliable furniture.

5 YEARS WARRANTY

Our commitment to you begins at design, and follows through to crafting, delivery and beyond with a five year guarantee on our teak collection. Our ownership of every stage means performance you can rely on.

ZERO MAINTENANCE

Discover the natural properties of A-Grade teak. It's the highest quality timber available. You won't need to oil, stain or perform any specific maintenance. Designed with you in mind, our furniture enables you to spend more time enjoying it.

QUALITY AND RESILIENCE

Every component that makes up Wintons Teak furniture is properly kiln dried to the right moisture content. This ensures that the timber is impervious to changing climatic condition. Our wicker furniture is all hand woven, and sourced from the most reputable companies with durability is second to none. They are available in a variety of different weave patterns and colours.

MACHINE MADE PRECISION

Precision cuts and superior joinery ensure every component is perfectly fitted leaving no visible glue line. Every piece is assembled by our master craftsmen using single unique moulds to ensure uniformity and consistency across our collection. This enables our mix and match philosophy to come to life.

All metal fittings used in our collections are made from rust free materials such as brass, galvanised or stainless steel. They should last as long as your teak furniture. The brass hardware in our furniture is plated not coated, this ensures that the fittings do not rust or corrode.

PREMIUM FITTINGS

DINING

Enjoy a truly inspired dining experience with our versatile range of tables and chairs. Why is it inspired? Because we allow you the freedom to create your own ideal dining space. You can take pleasure creating a relaxed or distinguished dining experience, whether it is for entertaining friends or having traditional family gatherings. With pieces available in A-Grade teak, wicker and stainless steel, the choices are endless.

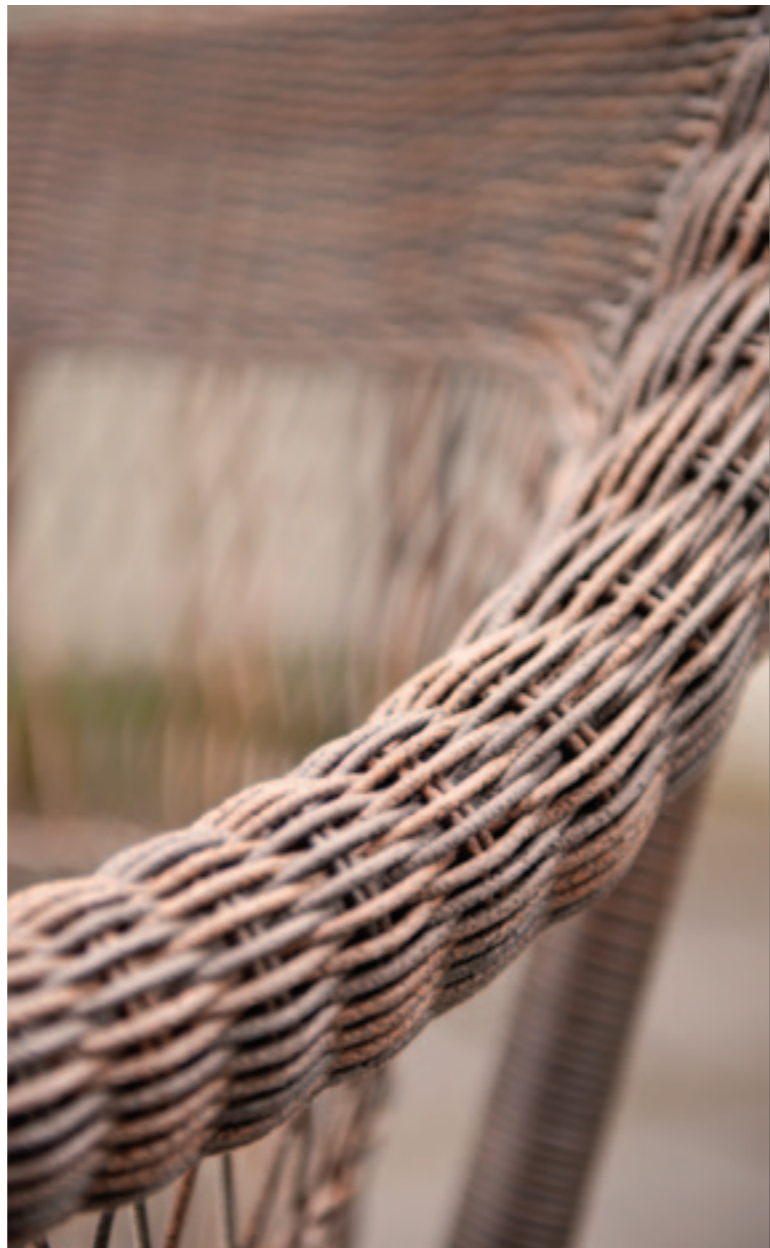

LIVING

Time spent simply enjoying life is all you need to do when it comes to WintonsTeak. We do all the work by providing premium quality furniture that's reliable and requires minimal maintenance. Whether you want to lay back and enjoy the summer sun on our loungers, or enjoy a glass of wine with the company of friends and family around our wicker settings - WintonsTeak lets you enjoy every part of life.
